

Amendments to the Claims:

Listing of All Claims:

1. (currently amended) A package comprising:
 - a) a chamber defined by at least one wall containing graphics;
 - b) a label removably affixed directly to said wall and said graphics, said label being partially translucent so that a portion of said wall is visible underneath said label, said label and said wall contains graphics which complement each other, wherein said label contains graphics which form a first part of a scene and said wall contains graphics which form a second part of said scene which underlies the first part of said scene; and
 - c) wherein said wall and said graphics adhered to said wall remain intact when said label is removed.
2. (original) The package according to claim 1 wherein said label is partially transparent.
3. (original) The package according to claim 1 wherein said label is affixed to said wall with a reworkable pressure sensitive acrylic adhesive.
4. (original) The package according to claim 1 wherein said label comprises polypropylene.
5. (original) The package according to claim 1 wherein the amount of force needed to remove the removable label is within the range of 8-35 ounces/inch.
